Subject: Ute Consultation on Oil and Gas FIP

Deb

As requested, attached is the oil and gas FIP talking point paper we used for the 12/17 phone call with the Ute Business Council.

We are making revisions to the FIP paper based on the call and we plan to get that to you on 1/4.

We will get the pre brief set up for 1/7 and will plan for the consultation meeting on 1/14.

And here is our pic with you from the holiday happy hour suitable for framing and prominent display in your office or home ;)
